NATO Joins 'Big Three' In Summit

12 Nations Agree To Disarming Plan

INSTANBUL, Turkey, May 4 —(UPI)—The United States, Britain and France won solid backing from the other 12 members of NATO for their summit approach to Russian disarmament, Germany and Berlin, informed sources said today.

The Foreign Ministers Conference of the Atlantic Alliance was expected to reflect this in a communique today on two days of talks.

IT WILL give President Eisenhower, Prime Minister Harold Macmillan and President Charles De Gaulle a strong position when they meet Premier Nikita S. Khrushchev in Paris in 11 days.

Authoritative sources said last night the United States told its allies here there is a better chance for real progress this time than at the last summit meeting in 1955, mainly because Russia now has just as big a stake as the West in disarmament.

Secretary of State Christian A. Herter, who leaves for Athens this afternoon for talks with Greek government officials, made another strong plea last night for long-range planning to meet the problems of the coming 10 years. The United States first proposed this last December.

HERTER SAID President Eisenhower had become convinced during his recent trips abroad that the West's position is good in comparison to Russia's.

He said Eisenhower's principal conclusion was that the Communist way of life had no inherent appeal to the people of less developed countries.

The Turkish government was able to relax its martial law grip on Instanbul last night after a day in which there was no violent student protests against the regime of Premier Adnan Menderes

THE CURFEW was cut to four hours and troop concentrations were reduced throughout the city.

Menotti, Puccini Musicals . . .

Double Feature Readied For BYU Opera Stage

Comedy and tragedy are the elements of opera being presented this week on the Brigham Young University stage. Two short works will be presented Thursday, Friday and Saturday in the Smith Auditorium. Curtain time is 8:15 each evening.

THE ENTERTAINING "Gianni Schicchi," by Puccini, is rich in comedy. "The Medium," the second short opera, is a contemporary tragedy of striking effectiveness.

All seats are reserved. Tickets are now available at the Smith Ticket office. They are free to students with activity cards and $1 to the public.

THE PUCCINI opera is the story of the greedy members of a family, each trying to benefit by the will of a wealthy relative who has just died. They collaborate to falsify the will, calling in a clever lawyer to help The cunning of the lawyer, Gianni Schicchi, and the love interest provided by Rinuccio and Lauretta, as well as the surprise ending, add to the comedy.

"The Medium," by Gian-Carlo Menotti, is the tragedy of a young mute who is assistant to Madame Flora, a medium. He is also in love with Madame Flora's daughter, Monica.

THE TERROR-stricken medium, who becomes convinced that she has actually had contact with the spirits, and young Toby's inability to speak, lead to the tragedy of the opera.

"Gianni Schicchi," directed by Brandt Curtis, stars Lynn Detwiler as Gianni Schicchi

Administration Opposes Plan For 'Old Age'

WASHINGTON, May 4—(UPI) The administration, which has turned thumbs down on Democratic proposals, came up today with its own plan for subsidizing medical care for persons over 65.

Informed sources said the Administration Plan would offer persons over 65 a chance to pay for $24 a year hospital and nursing home insurance covering most of the cost of serious illnesses.

THE PROTECTION would actually cost more than that but the federal government and the states would share the cost of the policy with the U. S. Treasury putting out an estimated 600 million dollars a year.

Welfare Secretary Arthur S. Flemming was ready to unveil the plan to the House Ways and Means Committee at a closed session today.

Women to Hold General Assembly

TOP TROPHIES—Sally Sue Le Baron, left, and Bonnie Benson admire some of the "hardware" which Associated Women's Students presents for academic achievement during the year. The AWS meets in general assembly at 4:30 Thursday afternoon in 310 McKay Building.

The second quarterly general assembly of women, a new section of the Associated Women Students organization, is scheduled to meet Thursday. The assembly will be held from 4 30 to 5:30 p.m. in 309 and 310 McKay.

THE GROUP was organized this year for the purpose of acquainting coeds with the function of AWS and provide them with an opportunity to contribute their own time and ideas to the organization.

Representatives from social and service units and all other interested girls are invited to attend.

ON THE agenda for the meeting are such items as changes in the AWS constitution and group activities for the rest of the year. The new AWS constitution will be voted on and Annals of Achievement will be discussed.

Part of the time will be reserved for a sounding board to allow students to air their views, complaints and any suggestions they may be able to offer.

AWS President Glenna Boyce urged all women students who belong to social, honorary, service or departmental groups to attend the meeting and take an active part in AWS.

Chance Dim of Easing Apartheid, Says Report

by Phil Newsom
UPI Foreign Editor

Dag Hammarskjold is off on another of his missions of "quiet diplomacy" next week.

This time, the United Nations secretary-general goes to London to carry out a Security Council mandate to seek ways to have South Africa soften or end its racial segregation policy.

HE WILL meet with South African Foreign Minister Eric H. Louw. Prime Minister Hendrik Verwoerd was to have been in the consultations, but he still is recovering from the wounds of an assassin.

Hammarskjold will talk with Louw immediately after the British Commonwealth prime ministers' conference, in which the South Africans already have had a rough going over because of their racial discrimination, or apartheid, policy.

HIS CHANCES OF getting them to soften South Africa's race policy are dim. But the fact that he got them to agree to a conference at all is a victory for his personal diplomacy.

South Africa consistently has refused to participate in U.N. debates on Apartheid, contending that consideration of it by the world organization was an illegal interference in its domestic affairs.

Newsmen generally do not like Hammarskjold's "quiet diplomacy." It yields few headlines, and the close-mouthed Swede—who tends to talk in circles at his news conferences —gives little inside information.

YET MOST correspondents close to the United Nations acknowledge that Hammarskjold applies b-y-a-n-d-l-a-r-g-e brought results. They were successful, for instance, in freeing U.S. fliers and Chinese Communists held as war criminals. They were a key factor in averting a major war over the Suez Canal. They helped avert an east-west showdown in Lebanon in 1958.

To a large extent, they have kept Russia working to a degree with the west in the United Nations.

To date, the record shows one chief failure in Hammarskjold's quiet diplomacy. Despite repeated trips to meet with Israeli and United Arab Republic authorities, he has not been able to solve the question of freedom of passage for Israeli ships through the Suez Canal.

HONORED PRESENTATION—In presentation ceremonies following a banquet honoring the girls of Broadbent Hall for academic achievement, David Broadbent, above, presented a portrait of his late wife Mima Murdock Broadbent to Dorothy Crockett, dorm president.

Broadbent Hall Wins Trophy For High Scholarship Average

Broadbent Hall has been awarded the trophy for the highest scholastic average of 2.9 for Heritage Halls during winter quarter. Apartment 28 held the highest grade point average of 3.2 for the building, with apt. 25 with 3.191 and apt. 22 with 3.013, in second and third place.

The dormitory was honored at a banquet Monday night and were presented with a life-sized portrait of the late Mrs. Mima Murdock Broadbent, for which the hall was named. The portrait is a gift of her husband, David Broadbent, of Salt Lake City, who was guest of honor.

Broadbent gave a short sketch of the life of Mrs. Broadbent, who is noted as an outstanding example as a homemaker and community leader. He admonished guests to "be constantly prayerful about the choice of a life's companion," for this, he said, is "the secret"to his success in life."

Utah Hospitals Urgently Need Blood Products

"Whole blood and blood products are urgently needed by our doctors in treating the sick and injured," the director of the Intermountain Regional Blood Center has stated.

TO HELP provide the Utah hospitals with needed whole blood and blood derivatives the American Red Cross will conduct its second blood drive of the year during next week. Donations will be taken Tuesday, Wednesday and Thursday.

Sponsor Ann Page, chairman of the semi-annual campus blood drive, has announced that not all students will need their parents' release to donate blood. Women who have had their 18th birthday and men 21 or more can reserve a time immediately. Younger donors can get a release form at one of the booths on campus this week.

BOOTHS FOR signing up for a donation time and for obtaining a release form are in Smith Family Living Center, Smith Bldg. and Eyring Science Center. They will be open from 8 a.m. to 3 p.m.

The donations will be taken on the first floor of the McDonald Student Health Center, university officials have announced.

Any Gripes? Use Boxes On Campus

Troubled with what to do about your "gripes" concerning university conditions? Want to know where to put those ideas for possible campus improvements? The student Senate has supplied a solution to both problems in the form of suggestion boxes.

THESE BRIGHT blue and white containers are situated at the north entrance of the fieldhouse. If used properly the Senate feels they will provide an additional channel of communication between the general studentbody and the Senate.

Kathy Snow, chairman of the suggestion box committee, said many persons are not personally active in studentbody legislature, yet have worthwhile opinions on how campus and student affairs could be handled. The Senate believes these hint-holders will tap this reservoir of valuable ideas. They are available to everyone.

SUGGESTIONS deposited in the boxes are collected prior to each Senate meeting. The ideas are then presented to the Senate. Those found practical and worthwhile are reviewed and, if passed on, are incorporated into studentbody functions.

Large orange posters printed with black question marks are displayed on the bulletin board north of the Clark Student Service Center.

RELAY RUNNER Bill Walton passes the baton to BYU anchor man Guy DeHart during yesterday's Montana track meet in Cougar Stadium. DeHart was a double winner with victories in both the 440 and 220 yesterday. The Cats finished seven years of Western Division dual meet supremacy with an 89-42 victory over the Grizzlies. The Y took 11 firsts.

Seventh Year Without Division Loss . . .

Trackmen Cage Wiley MSU Grizzlies 89-42

Brigham Young University's track squad finished its seventh consecutive year of undefeated Western Division dual meet competition yesterday with an 89-42 win over Montana's Grizzlies in BYU Stadium.

COACH CLARENCE Robison's cindermen will defend their Intermountain AAU team title this Saturday in Provo. It will be the first time that the meet has been staged at BYU.

The Cougars captured 11 first places out of 15 against the outmanned MSU crew. The Cats also swept two events on their victory trail, although no records were sent.

Guy DeHart, BYU sprinter, and Ken Wersland, MSU field event specialist, each registered double wins in the meet. DeHart won both the 440 and 220-yard runs, while the Grizzly captured the shot put and discus events.

One of the day's best duels came in the mile run when Cougar Gary Griffeth out-sprinted MSU's Gary Wojtowick in the time of 4:18 6. The time is only nine-tenths of a second off the Skyline mile record.

BYU'S RELAY team had a near defeat as they ran a slow 3:23.5 for a victory over MSU. An all-out effort by anchorman DeHart gave the Cats their first.

Improving javelin thrower Lew Deveraux heaved the missile 217¼ for a first in one of his better performances.

The Cats, behind Skyline champs Marc Nielson and Ed Costa, swept both the pole vault and high jump events from their northern visitors. Nielson's winning height was 13'9", as the Phoenix senior missed three attempts at the 14' mark.

EXHIBITION runs by former BYU hurdler Dave Parker in both the lows and highs added to the day's competition. The former Skyline titlist and record older in the high hurdles won his specialty and finished in a dead heat with Dale Long in the low hurdles.

Defending league champ Alton Thygerson flew to a :9.8 100-yard dash victory besides finishing second to DeHart in the 220.
